PARENT RIGHTS

The Palo Verde Unified School District recognizes that parent rights are as important as parent responsibilities. Education Code section 51100 and 51101 lists the following parent rights:

Classroom visits: Parents may make scheduled visits to observe their student's classroom. The request to visit a class must be accommodated in a reasonable period of time.

Meetings with teachers or administrators: Parents may expect to meet with school staff within a reasonable time after they request the meeting.

Volunteering: Parents may volunteer their time and resources to improve school facilities and programs, under the supervision of district employees. This includes helping with classroom activities, under the direct guidance of the teacher. The responsibility for instruction must remain with the teacher.

Absences: Parents may expect to be notified on a timely basis if their student is absent without permission.

Standardized and Statewide Tests: Parents shall receive their student's results on any standardized and statewide tests, and parents shall receive information on the performance of their student's school on these tests.

Request for a particular school: Parents may request a particular school for their student. The district will respond to the request, but is not obligated to grant the request.

School Environment: Parents may expect a safe environment that is supportive of learning for their student.

Learning Materials: Parents may examine the curricular materials used in their student's class(s).

Student Progress and Who to Contact: Parents are to be informed of their student's progress at school, and of the appropriate school personnel to contact should a problem arise with their student.

Student Records: Parents have the right to see the school records of their student.

Academic Expectations: Parents have the right to be informed about academic standards, proficiencies, or skills their student is expected to accomplish.

School Rules: Parents have the right to be informed in advance of school rules, including disciplinary rules and procedures, attendance policies, dress codes, and procedures for visiting the school. [EC 35291, 48980]

Psychological Testing: Parents must receive information about any psychological testing being considered for their student, and the parent has the right to refuse any such test for their student.

Committee Participation: Parents have the right to seek appointment or election to school site councils, parent advisory committees, or site-based management teams in accordance with membership rules. Schools are encouraged

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

to hold two open forums annually, to provide information to parents on school issues and activities. Weekend meetings are recommended, and ample prior notice to parents should be provided.

Questioning Student Records: Parents have the right to question anything in their student's record that they feel is inaccurate, misleading, or is an invasion of privacy, and to receive a response from the school.

Promotion/Retention: Parents have the right to be informed as early in the year as possible that their student may be in risk of retention, and they may consult with those responsible for the decision to promote or retain their student, and the parent may appeal the decision to promote or retain their child.

Participate with School Personnel: Parents have the right to enter into a partnership with school personnel to learn how best to help their student be successful at school by monitoring attendance, homework, and class performance, as well as encouraging extra curricular activities and controlling TV viewing. Furthermore, parents can extend classroom activities after school, and participate in school decisions which impact their student's and the school's learning experience.

Note: The rights and activities discussed in this section may not be available to a parent/guardian/family member due to a valid restraining order, or other applicable court orders. Please contact the school district at (760) 922-1407 if you have any questions about restraining orders at school.

ATTENDANCE

● General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. For students 6 to 18 years old, daily school attendance is compulsory. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value.

It is also important that you know the state only awards funding to school districts for actual attendance. The state no longer funds districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Unexcused absences result in a recorded truancy.

1. Notwithstanding EC 48200, a pupil shall be excused from school when the absence is:
 - A. Due to his or her illness.
 - B. Due to quarantine under the direction of a county or city health officer.
 - C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
 - D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 - E. For the purpose of jury duty in the manner provided for by law.
 - F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
 - G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization. When the pupil's absence has been requested in writing

by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

- H. For any student 16 years old or older, with a GPA of 2.5 or higher, for the purposes of serving as a member of a precinct board for an election pursuant to Sec. 12302 of the Elections Code.
 - I. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in EC 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 - J. Participation in religious instruction or exercises in accordance with district policy.
2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of any class from which a pupil is absent shall determine the tests and assignments, which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
 3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
 4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
 5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." [EC 46014, 48205]

☰ ● Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

Truant: The state says a student is truant after missing three days school or 30-minute periods without a valid excuse.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Interventions: Students who are habitually truant, miss a lot of school or are disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

Student Penalties: First truancy may result in a one-day weekend class. Second may be a written warning from a peace officer that stays in the student's records. Third may result in assignment to an after-school or weekend program, or a SARB or district attorney program. Fourth truancy places student within the jurisdiction of the juvenile court; the student could become a ward of the court and be required to do community service, pay a fine of \$100, attend truancy prevention program, and lose driving privileges.

Parent Penalties: In Education Code; first conviction – \$100 fine; second conviction – \$200 fine; third – up to \$500. In Penal Code; parents of elementary students who are chronic truants face a \$2,000 fine or imprisonment up to a year or both. They may also be scheduled to meet regularly with district staff and/or be referred for help. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; Penal Code 270.1, 830.1; Welfare and Institutions Code 601.3; Vehicle Code 13202.7]

☰ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intradistrict). This district has non-arbitrary rules explaining how students may apply, be accepted or denied transfer to district schools. Many districts, by agreement, also allow the transfer of students from or to other districts (interdistrict). Victims of bullying or violence are given preference in interdistrict transfers. In some cases the district must provide transportation. [EC 35160.5, 46600, 48204, 48206.3, 48301, 48306, 48980]

☰ Intradistrict Open Enrollment

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students. These options may be reviewed annually.

Students who reside within district boundaries may apply for enrollment in any district school. The Superintendent or designee shall determine the capacity based on the number of classrooms, facility space, Class Size Reduction requirements and the maximum class size agreement of each district school and establish a random, unbiased selection process for the admission of students from outside a school's attendance area as defined in the Administrative Regulation. In accordance with law, no student currently residing within a school's attendance area shall be displaced by another student.

The Board retains the authority to maintain appropriate racial and ethnic balances among district schools. [BP 5116.1, May 4, 2004; EC 35160.5, 35291, 35351, 48980]

Enrollment Priorities

Schools receiving requests for admission shall give priority for attendance to siblings of children already in attendance in that school and to children whose parents/guardians are assigned to that school as their primary place of employment.

A student may be given priority for attendance outside his/her current attendance area when special circumstances exist that may be harmful or dangerous to that particular student. Harmful or dangerous special circumstances shall be identified pursuant to law and administrative regulations.

All requests for intradistrict transfers must be submitted between March 15 and April 15 each year for the following school year. Requests will be considered based on a random, unbiased selection process as defined in the Administrative Regulation. Each transfer is dependent upon available space and the maintenance of balanced demographic characteristics.

Although preference will be given to students renewing intradistrict transfers, students must reapply for intradistrict transfer between March 15 and April 15 each school year for the following school year. Students may be subject to displacement due to excessive enrollment.

Transportation

The district will not provide transportation outside the school's attendance area. Except as required by 20 USC 6316, for transfers out of Title I program improvement schools, the district shall not be obligated to provide transportation for students who attend school outside their attendance area to the same extent as transportation is otherwise provided.

☰ Interdistrict Attendance

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

Interdistrict Attendance Permits

Upon request by students' parents/guardians, the Superintendent or designee may approve interdistrict attendance permits with other districts on a case-by-case basis to

meet individual student needs.

The Superintendent or designee shall ensure the interdistrict permits specify the terms and conditions agreed to by both districts for the granting, denial, or revocation of the permit as well as the standards for reapplication.

The Superintendent or designee may deny the granting of an interdistrict attendance permits because of overcrowding within district schools or limited district resources.

Transportation

The district shall not provide transportation outside any school attendance area. However, upon request, the Superintendent or designee may authorize transportation for students living outside an attendance area to and from designated bus stops within the attendance area if space is available. Priority for such transportation shall be based on demonstrated financial need.

Limits on Student Transfers out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice. [BP 5117, May 17, 2011; EC 41020 , 46600-46611, 48204, 48300-48316, 48350-48361, 48915, 48915.1, 48918, 48980, 52317]

☰ A Message from SARB

The Student Attendance Review Board (SARB) of Blythe and the Palo Verde Unified School District remind parents/guardians that California law holds them accountable for the regular and punctual attendance of their children to school. The local SARB is eager to help resolve all school attendance problems in our community. You can call 922-7503 or 922-1407 for help with your child's attendance problems.

☰ Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, your child may attend the school district in which that residence is located. Execution of an affidavit, under penalty of perjury, by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980(h); Family Code 6550-6552]

☰ Attendance in District in Which Parent/Guardian is Employed

Your child may have the option of attending school in the school district where you or your spouse are employed for at least 10 hours per week. If interested, call the school office for information. [EC 48204(b), (d), and (f), 48980(i)]

☰ Individualized Instruction

If your child has a temporary disability preventing him/her from attending regular classes, the district will provide individual instruction when possible. [EC 48206.3, 48980(b)]

☰ Pupils in Hospitals Outside of School District

If, due to a temporary disability, your child is in a hospital or other residential health facility, which is located outside your school district, he/she may be eligible to attend the school district in which the hospital is located. [EC 48207] If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48208]

☰ Leaving School at Lunch Time

“The governing board of the Palo Verde Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Palo Verde Valley and Twin Palms High Schools to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section.” The district permits students in grades 9 – 12 this privilege. [EC 44808.5]

☰ Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month’s notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980(c)]

☰ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

DISCIPLINE

☰ Rules and Regulations Regarding Discipline

The Board of Education prescribes discipline consistent with California and State Board of Education regulations. Each principal ensures that all rules are communicated to students at the beginning of each school year. Transfer students receive this information upon enrollment. Discipline matrices have been established for both elementary and secondary students to ensure consistent consequences throughout the district. The matrices are available from the school principals upon request from a parent. [EC35291, 48900]

☰ Release of Student to Peace Officer

If a school official releases your child from school to a peace officer for the purpose of removing him/her from the school premises, the school official shall take immediate steps to notify you or a responsible relative of your child, except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906]

● Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$17,593 in damages and another maximum of \$10,000 for payment of a reward, if any. The school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. [EC 48900.1, 48904; Civil Code 1714.1; Government Code 53069.5]

As a parent, you are the best person to set rules and consequences for your children.

Unfortunately, society has been forced to set some rules as well. This section talks about those rules.

● Vandalism

Graffiti and scratching glass or other material on someone else's property is now considered vandalism and those convicted face fines, imprisonment, and court orders to clean up the damage or perform community service. Parents may be liable to pay fines as high as \$50,000 and be required to participate in the clean up. [Penal Code 594]

● Student Search

The school principal or designee may search the person of a student, the student's locker, backpack or purse if there is a reasonable suspicion to believe the student may have a concealed weapon, narcotics, stolen property, or contraband. [U.S. Supreme Court Case: *New Jersey v. T.L.O.* (1985) 469 U.S. 325]

● Cell phones, Pagers, Electronic Signaling Devices

Districts may regulate the possession or use of any cell phone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. [EC 48901.5]

● Impersonation on the Internet

Pretending to be a real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a \$1,000 fine or imprisonment for up to one year. [Penal Code 528.5]

● Grounds For Suspension and Expulsion

A pupil may not be suspended from school or recommended for expulsion unless the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to one or more subdivisions:

- (a) 1. Caused, attempted to cause, or threatened to cause physical injury to another person; or
2. Willfully used force or violence upon the person of another, except in self-defense.
- (b) Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any such object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.
- (c) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.

HEALTH SERVICES

Kindergarten and First Grade Physical Exam

State law requires that for each child enrolling in the first grade, the parent must

present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file with the school district a waiver stating the reasons you are unable to obtain such services. You must understand that your child may be sent home if you fail to provide the certificate or waiver, or if your child is suspected to be suffering from a contagious disease. You may find it convenient to have your child immunized at the same time that the physical examination is conducted. [EC 49450; Health and Safety Code 124085, 124100, 124105, 120475]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact Blythe Family Health Clinic, 321 W. Hobsonway, Suite C, Blythe, CA 92225, (760) 922-4981.

☰ ● Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child’s school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child’s oral health assessed by May 31 of the student’s first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. However, the state budget crisis has given districts flexibility in collecting this data. [EC 49452.8]

☰ ● Immunizations

A pupil may not be admitted to school unless he/she has been fully immunized against hepatitis B, diphtheria, pertussis (whooping cough), tetanus, poliomyelitis, measles, mumps, and rubella. Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. Documented proof of immunization is required upon admission. All advancing students, new students, or transferring students in grades 7 through 12 must be fully immunized, including a required booster against pertussis (Tdap). They shall not be admitted without the Tdap booster. The required immunizations are available from the County Health Department, a physician, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. It is this district’s policy that there be no “conditional” admittance to schools; immunizations must be up-to-date before admission to school is granted. This requirement does not apply if a district provided waiver is signed stating that the immunization is contrary to the beliefs of the parent or guardian, or a licensed physician writes a letter indicating the immunizations are inadvisable. If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration. Parents or guardians may refuse to allow the sharing of personal information related to their child’s immunization records by notifying the County Health Department listed in this section. [Health and Safety Code 120325, 120335, 120440; EC 48216, 49403]

For your child's safety, we need to know if your child is taking medication on a regular basis.

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

● Insulin Injections

Palo Verde Unified School District reaffirms its commitment to provide all students with a free and appropriate education. Those district students with identified medical issues may be provided with an appropriate 504 Plan or Individualized Education Plan (IEP). It is the policy of the district that plans for medical emergencies, including, but not limited to, inability of a diabetic student to be able to self-inject insulin, be developed for and included in a 504 Plan or an IEP on an as needed basis as determined by the members of the 504 Plan team or the IEP team.
