PARENT RIGHTS

The Palo Verde Unified School District recognizes that parent rights are as important as parent responsibilities. Education Code section 51100 and 51101 lists the following parent rights:

- Classroom visits:** Parents may make scheduled visits to observe their student's classroom. The request to visit a class must be accommodated in a reasonable period of time.
- Meetings with teachers or administrators:** Parents may expect to meet with school staff within a reasonable time after they request the meeting.
- Volunteering:** Parents may volunteer their time and resources to improve school facilities and programs, under the supervision of district employees. This includes helping with classroom activities, under the direct guidance of the teacher. The responsibility for instruction must remain with the teacher.
- Absences:** Parents may expect to be notified on a timely basis if their student is absent without permission.
- Standardized and Statewide Tests:** Parents shall receive their student's results on any standardized and statewide tests, and parents shall receive information on the performance of their student's school on these tests.
- Request for a particular school:** Parents may request a particular school for their student. The district will respond to the request, but is not obligated to grant the request.
- School Environment:** Parents may expect a safe environment that is supportive of learning for their student.
- Learning Materials:** Parents may examine the curricular materials used in their student's class(s).
- Student Progress and Who to Contact:** Parents are to be informed of their student's progress at school, and of the appropriate school personnel to contact should a problem arise with their student.
- Student Records:** Parents have the right to see the school records of their student.
- Academic Expectations:** Parents have the right to be informed about academic standards, proficiencies, or skills their student is expected to accomplish.
- School Rules:** Parents have the right to be informed in advance of school rules, including disciplinary rules and procedures, attendance policies, dress codes, and procedures for visiting the school. [EC 35291, 48980]

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

Psychological Testing: Parents must receive information about any psychological testing being considered for their student, and the parent has the right to refuse any such test for their student.

Committee Participation: Parents have the right to seek appointment or election to school site councils, parent advisory committees, or site-based management teams in accordance with membership rules. Schools are encouraged to hold two open forums annually, to provide information to parents on school issues and activities. Weekend meetings are recommended, and ample prior notice to parents should be provided.

Questioning Student Records: Parents have the right to question anything in their student’s record that they feel is inaccurate, misleading, or is an invasion of privacy, and to receive a response from the school.

Promotion/Retention: Parents have the right to be informed as early in the year as possible that their student may be in risk of retention, and they may consult with those responsible for the decision to promote or retain their student, and the parent may appeal the decision to promote or retain their child.

Participate with School Personnel: Parents have the right to enter into a partnership with school personnel to learn how best to help their student be successful at school by monitoring attendance, homework, and class performance, as well as encouraging extra curricular activities and controlling TV viewing. Furthermore, parents can extend classroom activities after school, and participate in school decisions which impact their student’s and the school’s learning experience.

Note: The rights and activities discussed in this section may not be available to a parent/guardian/family member due to a valid restraining order, or other applicable court orders. Please contact the school district at (760) 922-1401 if you have any questions about restraining orders at school.

ATTENDANCE

● Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Students convicted of a violent felony or convicted of a misdemeanor firearms offense may be transferred to another school in the district. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending

“persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48929, 48980, 49068, 51101; 20 USC 7912]

I. Intradistrict Open Enrollment

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also balancing enrollment in order to maximize the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district.

The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school’s attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:

1. Any student enrolled in a district school that has been identified on the state’s Open Enrollment List.
2. Any student enrolled in a district school receiving Title I funds that has been identified for program improvement (PI), corrective action, or restructuring.
3. Any student enrolled in a district school designated by the California Department of Education as “persistently dangerous.”
4. Any student who is a victim of a violent crime while on school grounds.
5. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances, include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers.

To grant priority under these circumstances, the Superintendent or designee must have received either:

- a. A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist
 - b. A court order, including a temporary restraining order and injunction
6. Any sibling of a student already in attendance in that school.
 7. Any student whose parent/guardian is assigned to that school as his/her primary place of employment.

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between March 22nd and April 22nd of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity.

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

Transportation

Except as required by 20 USC 6316 for transfers out of Title I PI schools, the district shall not be obligated to provide transportation for students who attend school outside their attendance area. [BP 5116.1 July 2011; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6316, 7912; 34 CFR 200.36, 200.37, 200.39, 200.42, 200.43, 200.44, 200.48]

2. Interdistrict Attendance

The Governing Board recognizes that parents/guardians of students who reside in one district may, for a variety of reasons, choose to enroll their child in a school in another district.

Interdistrict Attendance Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years,

for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

The district shall not provide transportation outside any school attendance area. Upon request, the Superintendent or designee may authorize transportation for interdistrict students to and from designated bus stops within the attendance area if space is available.

Limits on Student Transfers out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

The district may deny a transfer of a student out of the district to a school district of choice if the Board determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan of the district.

A child of an active military duty parent/guardian shall not be prohibited from transferring out of the district to a school district of choice, if the other school district approves the application for transfer. [BP 5117 June 2016; EC 41020, 46600-46611, 48204, 48300-48316, 48350-48361, 48900, 48915, 48915.1, 48918, 48980, 52317]

3. Open Enrollment

Due to the transition to the new California Assessment of Student Performance and Progress system, the open enrollment list for 2017-2018 cannot be calculated. The District had at least one school on the list of 1,000 low-achieving schools for the 2015-2016 school year. For

information about transferring to a different school under this provision, please contact the District Office. [EC 48350-48361, 51101]

General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. For students 6 to 18 years old, daily school attendance is compulsory. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value.

It is also important that you know the state only awards funding to school districts for actual attendance. The state no longer funds districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences result in a recorded truancy.

1. Notwithstanding EC 48200, a pupil shall be excused from school when the absence is:
 - A. Due to his or her illness.
 - B. Due to quarantine under the direction of a county or city health officer.
 - C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
 - D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 - E. For the purpose of jury duty in the manner provided for by law.
 - F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
 - G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative

pursuant to uniform standards established by the governing board.

- H. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 - I. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 - J. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
 - K. Participation in religious instruction or exercises in accordance with district policy.
2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of any class from which a pupil is absent shall determine the tests and assignments, which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
 3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
 4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
 5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." [EC 48205, 51101]

Districts may allow students, with parental or guardian consent to be excused to participate in moral or religious exercises or instruction. [EC 46014]

Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980(c)]

Leaving School at Lunch Time

"The governing board of the Palo Verde Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Palo Verde Valley and Twin Palms High Schools to leave the school

grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section.” The district permits students in grades 9 – 12 this privilege. [EC 44808.5]

● Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver’s home. [EC 48204(a), 48980(h); FC 6550-6552]

● Attendance in District in Which Parent/Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(7), 48980(i)]

● Enrollment of Homeless or Foster Youth

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin outside the District, 2) their IEP indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. They also have rights to immediate enrollment in school, site and program attendance, and free after school programs. [EC 48204, 48850-48859, 48645.3, 51225.1, 56055; 5 CCR 4622; WIC 361, 726]

● Individualized Instruction

If your child has a temporary disability preventing him/her from attending regular classes, the district will provide individual instruction when possible. [EC 48206.3, 48980(b)]

● Pupils in Hospitals Outside of School District

If, due to a temporary disability, your child is in a hospital or other residential health facility, which is located outside your school district, he/she may be eligible to attend the school district in which the hospital is located. [EC 48207] If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48208]

● Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

Truant: A student is truant after missing three days of school or three 30-minute periods without a valid excuse.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Interventions: Students who are habitually truant, miss a lot of school or are disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

Student Penalties: First truancy may result in a one-day weekend class. Second truancy may be a written warning from a peace officer that remains in the student’s records. Third truancy may result in assignment to an after-school or weekend program, a SARB, a probation officer, or district attorney program. A fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of, and as a ward of the juvenile court. Other actions may include required community service, payment of a fine of \$100, attend a truancy mediation program, and loss of driving privileges. A finding of truancy may be handled through available community services.

Parent Penalties: In Education Code; first conviction – up to \$100 fine; second conviction – up to \$200 fine; third – up to \$500 fine. In Penal Code; parents of elementary students who are chronic truants face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred for help. It is recommended that the parent or guardian attend classes at school with the student for one day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3; VC 13202.7]

● A Message from SARB

The Student Attendance Review Board (SARB) of Blythe and the Palo Verde Unified School District remind parents/guardians that California law holds them accountable for the regular and punctual attendance of their children to school. The local SARB is eager to help resolve all school attendance problems in our community.

You can call 922-4884 for help with your child’s attendance problems.

☰ **Notice of Alternative Schools**

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

☰ **Description of District Courses**

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guradians have the right to review all course material. [EC 49091.14, 51101; PPRA]

☰ **Academic and Non-Academic Courses, Classes, Electives, Activities, Sports, and Related Facilities**

State and federal policies require academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. [EC 221.5, 221.8, 49600; GC 11135,

11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

☰ **California State Academic Standards**

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each state, and each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California launched a new computer-based student testing system that ties to the standards for English language arts and mathematics called the California Assessment of Student Performance and Progress (CAASPP). This new system replaces the Standardized Testing and Reporting (STAR) Program that was based on 1997 standards. Parents can opt their child(ren) out of CAASPP testing by submitting a written letter. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

☰ **LCFF and LCAP**

The LCFF (Local Control Funding Formula) changes the way the State provides money to school districts. Under this new system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. Anyone can comment to the school board regarding LCAP proposals or expenditures either by submitting comments in writing or at a public hearing held by the school board for that purpose. The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The LCAP must focus on eight areas identified as State priorities. The plan will demonstrate how the district’s budget will help achieve the goals, and annually assess how well the strategies improved outcomes. [EC 305, 52060, 52062, 52066]

Homeless, Foster, and Juvenile Court Youth

Foster, homeless, and juvenile court youth have special rights related to graduation and partial high school credits. They also the right to an adult to help make educational decisions. More information can be found at the California Foster Youth Education Task Force, www.cde.ca.gov/lc/

☰ **Curriculum and Personal Beliefs**

Whenever any part of the instruction in health or family life education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction upon your written request. [EC 51240]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include instruction in comprehensive sexual health education, HIV prevention education, and research findings regarding pupil health behaviors and risks. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker for ten cents (10¢) per page. You will be notified before such instruction, and have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. At the discretion of the District, staff (teachers) give such instruction. If taught by a consultant or guest speaker, or in an assembly, parents will receive notice of the dates, name of organizations, and affiliation of speakers by mail or other commonly used method of notification at least 14 days prior to the dates of the class or assembly. During this class, students in grades 7 - 12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at www.leginfo.legislature.ca.gov. [EC 51933, 51934, 51937-51939]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255]

Tests/Surveys on Personal Beliefs

You and/or your children over 18 will be notified and will be asked for written permission before your child is given any test, questionnaire, survey, examination, or marketing material containing questions about your child's, or his/her parents' or guardians' personal beliefs or practices in politics, mental health, anti-social, illegal, self-incriminating, or demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility in a program or for receiving assistance), sex, family life, morality, or religion. Parents may also opt out of their child supplying information to be used for marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to the surveys and personal information. Notice will be sent to parents prior to any such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 60614, 60615; PPRa; 34 CFR 98; ESEA]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

Pupil Records

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. In some instances information about your child may be released to District staff, foster agencies, after school program operators, summer camp operators, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school of attendance by the principal. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for fifteen cents (15¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. [EC 8484.1, 49063, 49060, 49068, 49069, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR 99]

For a smoother transition, through a relationship established with the Department of Defense and the

California Department of Education, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. [EC 51250]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.61]

Release of Directory Information

Directory information includes a student's name, address, telephone number, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended by the student. You may have the district withhold any of this information by submitting a request in writing by September 15, 2017. Written notification received after the date specified will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

Comprehensive School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, and disasters. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

Student Meal Program

Many sources of school funding depend on the number of students that qualify for free or reduced-price meals. If your child qualifies for free or reduced-price meals, they may automatically qualify for other programs or services. Your child may, but is not required to take advantage of these services. The district may also offer a summer food service program. Information on the application is confidential, and is used only to determine funding sources for the district. Please submit an application to help the district qualify for as many of these funds as possible. [EC 49510-49520, 49558; 42 USC 1761(a)]

In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update this policy to enhance the safety and security of students using the district's technological resources and to help ensure that the district adapts to changing technologies and circumstances.

● Alcohol and Other Drugs: Intervention

The district provides the following intervention services for students and their families: The Student Study Team (SST) process, and Riverside County Mental Health. Contact the administrator or counselor at your child's school for additional information.

● Tobacco Free Schools

The Palo Verde Unified School District Board declares that the use of all tobacco products by anyone on school district property, in vehicles, or at sponsored events is prohibited. ALL DISTRICT FACILITIES ARE SMOKE-FREE. District employees, students and members or the public are expected to observe this restriction.

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on District premises or as a part of any District activity is strictly prohibited. Beginning in January 2017, "tobacco product" is defined as (i) any product made or derived from tobacco or nicotine that is intended for human consumption, regardless of how consumed; (ii) an electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device (commonly known as "e-cigarettes"); or (iii) any component, part or accessory of a tobacco product. Except for members of the military, possession of tobacco by those under 21 is illegal and can lead to a \$75 fine or 30 hours of community service. It is illegal to possess synthetic marijuana. This district often seeks funding to support student programs; the district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant

comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. All recipients will adopt tobacco free district policies as well as post "Tobacco Use Is Prohibited" signs at all property entrances. [HSC 104350, 104420, 104460]

● Steroid Prevention Program

High school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to participate. Parents must sign a form notifying them of the restriction.

● Services to Disabled Pupils

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, tell or write the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. HEALTH SERVICES

● Immunizations

A pupil may not be admitted to a classroom setting in school unless he/she has been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox). Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. All advancing students, new students, or transferring students in grades 7 through 12 must be fully immunized, including a required booster against pertussis (Tdap). They shall not be admitted without the Tdap booster.

It is this district's policy that there be no "conditional" admittance to schools. Documented proof that immunizations are up-to-date is required before admission to school is granted. This requirement does not apply in at least the following instances:

- If note from physician is supplied saying physical or medical condition does not allow vaccination.
- If a homeless or foster child is enrolling.

The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services.

If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for

his/her own safety until such a time as directed by health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. ● Physical Examinations

For each child enrolling in the District for the first time, including for kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

Blythe Family Health Clinic
321 W. Hobsonway, Suite C
Blythe, CA 92225, (760) 922-4981

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

● Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

● Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment (unless the student enters the District in grade 4 or 7) and in grades 2, 5, and 8. Hearing tests will be conducted when your child is enrolled or first enters a District school. Between grades 6 and 8, your child may be screened for scoliosis (curvature of the spine). These tests will/may be administered unless you annually present to the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

● Administering Medication And Monitoring Health Conditions

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for, and administer glucagon, epinephrine, and epilepsy seizure medication to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of epi-pens at each school site. [EC 49414(d), 49414.7, 49423, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

a diabetic student to be able to self-inject insulin, be developed for and included in a 504 Plan or an IEP on an as needed basis as determined by the members of the 504 Plan team or the IEP team. When the age of the students prohibits self-medication, the district nurse, parent/guardian or parent/guardian designee not employed by the school district, shall administer insulin.

● Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. [EC 35183.5] Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35291, 35294.6]

● Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. School site staff trained in anti-bias shall be made known. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff, 7-12 grades get information about helping LBGTQ students. Resources about bullying, intimidation, and violence are found

through the District and online at www.cde.ca.gov, www.cde.ca.gov/lr/ss/se/bullyres.asp, www.cde.ca.gov/lr/ss/se/bullyfaq.asp, www.cde.ca.gov/lr/ss/vp/ssresources.asp, www.californiahealthykids.org

Discipline matrices have been established for both elementary and secondary students to ensure consistent consequences throughout the district. The matrices are available from the school principals upon request from a parent. [EC35291, 48900]

● Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$19,200 in damages and another maximum of \$10,600 as adjusted annually by the California Department of Education for payment of a reward, if any. The school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a

DISCRIMINATION, PROTECTIONS, COMPLAINTS AND PROCEDURES

All pupils have the right to participate fully in the educational process, free from discrimination and harassment. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

The District is primarily responsible for compliance with local, state and federal laws and regulations and has procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race or ethnicity, ancestry, national origin, nationality, religion, mental or physical disability, age, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any district program, or activity that receives or benefits from local, state and federal financial assistance.

● Non-Discrimination/Harassment

The Governing Board desires to provide a safe school environment that allows all students equal access

and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying of any student based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also shall include the creation of a hostile environment when the prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who files or otherwise participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law

related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion for behavior that is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

Instruction/ Information

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
6. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

The complaint procedure can be used for a variety of issues not mentioned above including but not limited to employee issues and policies and procedures of the district. Confidentiality and privacy shall be respected in all complaint investigations. Complaints alleging discrimination may be filed by a person on their own behalf or on behalf of another person or group of people within six months of the occurrence or when facts became known.
