2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

District Mission Statement

Our mission is to enrich, empower and enhance our students' lives through education.

District Vision Statement

Palo Verde Unified School District will constantly seek to improve its culture of academic excellence.

We expect every student to read, write and calculate competently.

We expect every teacher to apply consistent standards, evaluate student performance accurately, and coach students with diligence and compassion.

We expect every parent, student and teacher to support the mutual quest for excellence. Educational progress can never happen without truth as its foundation, and it is to the wonderful truth of student potential and the challenging truth of student performance that we are unalterably committed.

School Mission Statement

We strive to ensure our students will become proficient in academics, be prepared for further learning and develop a concept of self-worth in the process of becoming responsible citizens who respect others.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout the Palo Verde Unified School District are aligned to the California Curriculum Frameworks and Content Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are approved by the board of trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state's adoption. Site-level and district-level committees meet to select textbooks and instructional materials. Every student including English learners have access to their own textbooks and instructional materials.

On October 7, 2022, the Palo Verde Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students, including English learners, in the district. The board of trustees adopted a resolution which certifies, as required by Education Code Section 60119:

1. Each student in each school in the Palo Verde Unified School District has standards-aligned textbook(s) or instructional materials, or both, to use in class and to take home.
2. Sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and are consistent with the cycles and content of the Curriculum Frameworks in mathematics, science, history-social science, and English language arts, including the English-language development component of an adopted program.
3. Sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes.
4. Sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive. The California Department of Education requires the most recent information to be provided regarding instructional materials; data collected and disclosed in this report regarding instructional materials was acquired October 7, 2022.

School Facility Conditions and Planned Improvements

Ruth Brown Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. School facilities are all up-to-date and provide adequate space for students and staff. Ruth Brown Elementary School was built in 1956. Since that time, new buildings have been constructed, portables have been added to accommodate enrollment growth, and existing buildings have been updated. Several years ago, the campus was completely renovated and modernized to accommodate existing and future needs. During the 2005-06 school year, Ruth Brown Elementary School's campus improvement projects included modernization of restrooms in the cafeteria to meet current Americans with Disabilities Act (ADA) requirements and the installation of a shade structure on the north side of campus in the dismissal area. The campus is cleaned by a daytime and an evening janitorial staff.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	21	N/A	30	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and community members are caring and committed individuals who support the education program at Ruth Brown Elementary School. Along with the School Site Council (SSC) and English Learner Advisory Committee (ELAC), board members, community service organizations, and parent volunteers dedicate time to volunteer in the classrooms. Community organizations and area businesses contribute incentive rewards for academic excellence and good citizenship. Monthly assemblies and school activities are also offered on campus to help guide parents in their effort to improve their child's education and social development. Parents are also encouraged to join our Parent Teacher Organization. This group fund raises to provide extra items for the school. They also work to provide activities for student involvement, such as dances, fall festivals, multicultural events, and movie nights. The partnerships developed between the school and community volunteers and organizations enhance the experience of all the students at Ruth Brown Elementary.

Parents and students are able to keep updated and informed by viewing our school website at <https://rbes.pvUSD.us/>. On the site, one may access school information such as our parent handbook. Ruth Brown also uses Aeries Parent Connection, which allows parents to view grades and attendance online. Ruth Brown Elementary also keeps communication open with families through Facebook, Twitter, and Instagram. We also use a school wide recorded telephone message system to inform parents of emergency situations and general school information.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.12	3.07	2.45
Expulsions	0.00	0.08	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. 2022-23 School Safety Plan

A comprehensive school safety plan was initially developed for Ruth Brown Elementary in collaboration with local law enforcement and fire protection agencies and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. Ruth Brown Elementary School's most current safety plan was reviewed by the Safety Committee in February 2021. The principal subsequently met with staff members who are assigned to key responsibilities to share updates and action plans in the event of an emergency. A school wide staff meeting was held in the fall covering the updated school site plan and emergency procedures. An updated copy of the school safety plan is available to the public at the Palo Verde Unified School District office and at the school's office.

2021-22 Types of Services Funded

For the 2021-2022 school year, Ruth Brown Elementary received state and federal funding for the following categorical, special education and support programs:

- Title I
- Title III Limited English Proficient Student Program
- Comprehensive Support and Improvement Program

Using various tools including state assessment results, teachers and administrators can identify students who are struggling or at risk of falling behind. For those students who need extra help in any subject area, Student Study Teams pull together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance.

Small group and one-on-one instruction is provided by teachers to support students in academic areas of need. In TK through eighth grade, aides are provided to intervene in reading.

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on chapter and end-of-unit tests as well as STAR reading, STAR math, and Early Literacy assessments to determine progress toward achieving proficiency levels, ongoing progress and instructional needs.

English learners (EL) are identified through the English Language Proficiency Assessments for California (ELPAC) and home language survey.

Ruth Brown Elementary uses the McGraw-Hill series for ELD and reading intervention instruction for grades TK-5th and StudySync series for ELD and reading intervention instruction for grades 6th-8th. English learners are assessed annually to measure English-language acquisition and adjust reading level and ELD needs accordingly.
